## 21" MULCHING MOWER Push and Self Propelled

List Price  
**ONLY**  
**\$299.00**

(Also Available: 21" convertible mower for mulching or bagging)

### Engineered like no other lawn mower in the world!

The new McLane mulching mower features a high-strength steel blade and a new deck configuration which creates a super vacuum that holds grass blades upright for maximum cutting efficiency. The clippings are forced through a special recirculation chamber and down into the mower path for recutting. This recutting process is repeated over and over again until the clippings are pulverized into a fine mulch. This mulch is then driven deep into the lawn, returning nutrients and moisture to the soil. Grass clippings and leaves virtually disappear.
