COST CUTTERS

Gehl all-new disc mower conditioners to cut your crop down to size, fast and easy. The DC2360 has 8 discs and a 10 1/2' foot cutting width.

- High speed discs - Each disc has two knives to slice through the toughest crops and conditions; the disc gear drive operates in an oil bath for long life.
- Sturdy frame - Cradles the cutterbar for extra protection and durability.
- 540 or 1,000 rpm driveline with equal-angle hitch for smooth power transfer.
- Standard hydraulic tongue - Makes it easy to position the unit without leaving the tractor seat.

Total Bale Control

...With Gehl's 1475 high moisture baler.

- Total density control (TDC) - Lets you custom-build bales according to changing crop and moisture conditions for maximum nutrient value
- Bale control system - Monitors complete baling function
- Two models - Make bales 3'9" wide and up to 5' in diameter, or 5' wide and up to 6' in diameter
- Quick-wrap option - Speeds your baling operation and helps preserve hay quality
- Constant velocity driveline - For smooth operation
- Electric dual twine wrap - With manual or auto control
- Low horsepower requirement - Lets you bale with a tractor as small as 40 horsepower
