

**WHY THE NATURAL HARVESTERS ARE THE NATURAL CHOICE.**

When harvest rolls around you want a harvester that will keep you rolling through it. That's why you want GLEANER. Our unique Natural Flow Harvesting System leads your crop from header to spreader with no damaging twists and turns. Plus you can get the Natural Flow System in all four of our models more than any other manufacturer so you always have the right horsepower and capacity for your farm size and crop needs. Choose from the R42 with a 170 bushel grain tank the R52 with a 225 bushel grain tank the R62 with a 225 bushel bin or the optional 300 bushel or the 330 bushel class seven R72 the largest capacity combine built in North America. Plus only GLEANER gives you a choice of engines a Deutz air cooled or the Cummins liquid cooled diesel. Either way you'll get the harvester you want and the harvesting system that's best for your crop. At your GLEANER dealer now naturally.

**NEW FOR WHEN THE GOOD EARTH ISN'T SO GOOD.**

This Rotary Disc Mower Conditioner will get you out of any tight spot in a hurry. The 1340's innovative 12' Center Pivot is designed for fast cutting, and its long 110" conditioner makes for even faster drying. You'll get unmatched maneuverability with the 1340, and it's easy to set for swathing or fluffy windrows. A 12' cutting width and a revolutionary mechanical drive line guarantees top efficiency. All 16 high speed swingaway knives are designed to cut right through tough spots in damp and problem fields. Making anthills and gopher mounds history. Mounted on low-maintenance rotary discs, the knives are reversible for twice the life. See your AGCO/Hesston dealer listed here and ask about our flexible financing plans for the 1340. Best of all, it's backed by the AGCO Warranty Program.

**HESSTON THE PRIME LINE**

**LEAVES SHOULD FALL AFTER SUMMER. NOT AFTER YOUR BALER.**

Most of hay's nutrients are in its leaves. The more leaves, the better. That's why the new Hesston 555 Round Baler has a low-profile pickup. It reduces leaf loss, protecting the nutrient and feed value of your crop. There's our 555S, standard, or the 555T—a semi-automatic version that lets you release the bale right from your seat. Both produce bales 4 ft. wide and up to 75" in diameter. Plus, each has dual twine arms for faster tie-off. So you get long-lasting field performance, improved efficiency and better quality bales. See the 555S and 555T at your AGCO Hesston dealer today, along with a wide selection of equipment for all your hay and forage needs. And ask about flexible AGCO financing.
