

Spread on crust when cooled. Cut fine and scatter on top:

1/4 cup each of carrots, broccoli, cauliflower, tomatoes, and celery. Add only a few onions and peppers. Spread on top. Add plenty of grated cheese on top. Refrigerate overnight.

My husband and I work on a dairy farm. We have two little girls, Yalonda, 2, and Lorinda, 6 months. We milk 60 cows. We also raise all the calves. I love to cook and try out new recipes.

Susan Zimmerman
Myerstown

Charlie and Susan Zimmerman with Yalonda, 2, and Lorinda, 6 months.

PASTA PIZZA
5 ounces (2 cups) dried corkscrew macaroni
1 beaten egg
1/4 cup milk
2 tablespoons grated parmesan cheese
8 ounces ground beef
1 small onion (chopped) about 1/2 cup
1/2 teaspoon minced garlic
16 ounces spaghetti sauce
1/2 teaspoon Italian seasoning
4 ounces sliced mushrooms
1 cup shredded mozzarella cheese (4 ounces)

Cook pasta per directions on package. Drain, rinse, and drain again.

For pasta crust, combine egg, milk, and parmesan cheese. Stir in pasta. Spread mixture evenly in

12-inch pizza pan. Bake at 350 degrees for 20 minutes.

Meanwhile, brown ground beef, onion, and garlic. Drain fat. Add sauce, Italian seasoning, and mushrooms. Simmer.

Spoon meat mixture over pizza crust. Sprinkle with mozzarella cheese. Bake for 10-12 minutes or until cheese is melted. Cut into wedges. Makes 6 servings.

We run a campground, and this is a quick supper to put together. I use low fat cheese, skim milk, and only egg whites to reduce the fat.

Sometimes you don't have time to get a big meal and cold food isn't fun to eat. So the pizza can be reheated quickly in a microwave oven, also.

QUESTION — Several years ago, Harold R. Stoudt of Hamburg purchased aluminum-clad electric fence wire by direct shipment from South Star Industries in Tenn. The dealer discontinued his business. Does anyone know of the company or one that sells similar high quality aluminum clad maleable steel wire? It did not recoil when unspooled and could be hand spliced.

QUESTION — A Leighton reader would like to know the market price for goose and duck eggs.

QUESTION — Marian Mosemann, Summit Hill, would like to know where to purchase gift boxes for jellies and breads. Candy boxes are too small.

ANSWER — Marian Mosemann, Summit Hill, wanted the paper puzzles that were sometimes given away by the John Deere tractor franchises. Thanks to Esther Miller, Coatsville, who calls herself a John Deere fan, for answering. She writes that the source for the puzzles is Farm Art USA, P.O. Box 1947, Greely, CO 80632-1947. One must send \$2 for the catalogue, the \$2 will be applied to the first order.

ANSWER — Scott Strosnider of Stephens City, Va., wanted information on old marbles and also where marbles can be purchased in large amounts. Thanks to Marvin Bucher, who writes that 50 marbles for \$3 may be purchased from Hancock Importing Inc., San Antonio, Texas 78219. (Note to Marvin: You also had a morning glory seeds for sale, but you did not include your address. Please send your address immediately.)

ANSWER — Florence Fisher, Eters, wanted to know what to do to keep pigeons off a tin roof. Thanks to Marvin Bucher who writes that he raised homing pigeons for 26 years. The trick to keep them off the roof is to fasten a rag doll, cat or plastic owl on the roof. A few years ago, a cat got in the loft and the pigeons were so scared that they didn't return for five days after the cat was removed.

ANSWER — E. Walsh from Auburn wanted the name and phone number of a business that sells round pens for training horses. Thanks to Connie Nesteruk, Perkasio, who writes that the business name is Priefert Mfg. Co., Mt. Pleasant, TX. (1-800-527-8616). The company supplies portable corral panels for nationally known trainer Tom Lyons. Priefert has local distributors such as Central Tractor Farm and Supply in Quakertown. To figure the number of panels needed, multiply the diameter of the pen (60 feet) by 3.14 to get the circumference. Divide circumference by panel length to be used (10 or 12 feet) to get the number of panels. The odd figure you'll get allows for a gate or for one or two shorter panels to keep the correct diameter.

ANSWER — Anna Grace Moore, Cochranville, wanted to know how to make crafts with Christmas and birthday cards. Thanks to Margaret Diamond, Kunkletown for sending instructions for a bowl. They are too long to print in the paper. Anna Grace, please send your complete address and we will mail the instructions to you. Also, thanks to Leora Petet. She will send a free book with many patterns if Anna Grace sends her complete address to Leora at R.D 1, Box 245, Hollisopple, PA 15935.

ANSWER — Betty Bixler, Marietta, had asked for a copy of "Country Woman." She writes that she received seven copies. She is surprised and amused by this response, but does not need any more copies, thank you
