

We hear you.

Like most aspects of farming, baling has changed dramatically over the last 20 years. Once it involved rounding up a bunch of kids to load wagons; slowly, it has evolved into the era of one man and big round bales. And now, in response to your requests, this evolution continues.

With continued improvements, the Case IH 8570 mid-sized rectangular baler and its big brother, the 8580 large rectangular baler, make baling more convenient than ever. Both are proof that we do indeed hear you.

These machines produce a bale size and weight up to 1,000 lbs. for the 8570 and 2,200 lbs. for the 8580 that's easy to stack, store, transport and feed.

Formed with easy-separating flakes, these bales can be fed

by hand, processed, or pulled apart by livestock. They're tight and dense for handling and shipping ease. And thanks to the design of the 8500 Series balers, they're packed with nutrition.

A wide, low-profile pickup reduces the loss of valuable leaves, while the pre-packer chamber keeps nutrients contained within the bale. And each pre-formed flake is exceptionally uniform in size and weight.

The Case IH 8570 and 8580 rectangular balers. You asked for an evolution in baling, and we heard you. Find out more from your Case IH dealer today.

And ask about Total Product Support. It's the commitment that ensures the performance and overall value of every Case IH product.
