Are You Robbing Your Forages Of Valuable Nutrients?

Protect Your Forage Investment With **SILO SYM** "Your Forage Guardian"

- a natural product containing no harmful chemicals or aids
- allows you to bale hay at up to 28% moisture and still maintain safe storage conditions
- a definite hedge against bad weather
- reduce nutrient losses which occur during harvesting and storage
- enhances forage palatability
- non-toxic to livestock
- higher feeding value, due to less leaf loss
- non-corrosive to equipment
- easily applied with Gandy Applicator
- helps ensiled crops to retain a higher percentage of the original dry matter, energy and other nutrients
- really works on square or round baled hay, haylage, corn silage and high moisture grains
