PULLTARPS
THE ONE MINUTE TARP SYSTEM MFG

Truck Covers

This is the new 1995 PULLTARPS System.
Lighter, yet stronger than the Original design. And it's smaller, easier to install and better looking too. This new System comes with an "Exclusive External Spring Tensioner." You won't tarp your loads the old fashioned way ever again!

KELDERMAN AIR RIDE

Adding a Kelderman Air Ride Conversion system to your present suspension will result in a two stage suspension system. This is not to be confused with adding an Air bag mounted above the axle. Allows adding extra spring leads to increase load rating and still maintain Air-Ride comfort.
The bolt on basic package utilizes an air stem mounted in a convenient location to add or remove air from the system
Optional 12 volt compressor allows changing air pressure setting on the go.
Currently available for front and rear suspension in Dodge Series 250 & 350 trucks. Available soon for Dodge Dakota models.
Also available for some Ford, Chevy and GMC truck models. Special orders available for most motor homes. This option will smooth out the ride on those rough-road fishing/camping, trips.
