AGCO ALLIS MODEL 5670 TRACTOR

UTILITY VERSATILITY

The AGCO Allis 5670 utility tractor offers fuel efficiency, reliable drawbar and PTO power, and excellent maneuverability in the 63 PTO hp range. They're also backed by a 4-year/4,000-hour warranty

- Air- and oil-cooled diesel reliability. The 4-cylinder air-cooled and oil-cooled diesel engine delivers 63 PTO hp in the 5670 with a 22% torque rise. It also eliminates components that cause downtime in liquid-cooled engines. Plus, it is among the best in fuel consumption tests.
- Lots of speed choices. The synchro-power transmission with synchro-reverser offers 12 forward and 12 reverse speeds, planetary final drive and a self-adjusting, hydraulically-actuated clutch. The optional transmissions include 16 forward and 16 reverse with creeper speeds and a dual-speed of 24 forward and 12 reverse speeds and is available with either 2WD or AWD.
- PTO power to do more. The independent PTO operates at 540/1,000 rpm with 6- and 21-spline shafts and a hydraulically-actuated wet PTO clutch. The Category II/3-point hitch has a convenient rear remote control and is equipped with telescopic stabilizers. Optional telescopic lower links are available.
- Quality features put you in control. The 5600 Series tractors ride on premium Goodyear radial tires. They have hydrostatic power steering, hydraulically-actuated wet disc brakes, and a mechanically-actuated differential lock. AWD models have four-wheel brakes for 40% better braking and an operator controlled front differential lock for tighter turns.

Learn more about the 5600 Series tractors or any of the "orange" line of AGCO Allis tractors ranging from 40 to 128 PTO hp, stop by or call us soon.

* Shown with optional canopy.
