MANURE HAPPENS!
Badger's New Turbo Pit Pump is designed to handle it!

Model BN500 Turbo Pit Pump

NEW Model BN500 Turbo Pit Pump!
The pump designed for the big, tough jobs!

- Here it is! The pit pump with the agitation capacity of 4 - 5,000 GPM. Here's a pit pump that is built farm tough to last year after year.
- The 6-blade impellor and a turbo flow pump inlet provides maximum cutting action and aggressive flow at maximum pressure.
- The lower bearing is designed with a 5-seal system and a totally enclosed oil-bath housing. A conveniently located reservoir, grease lines and fittings make it easy to maintain.
- The tapered upper nozzle is designed with a stainless steel ball pivot with a vertical range of 55 degrees to break up and blast through thick crust.
- The hydraulic control console features a 4-spool valve that controls all pump agitation requirements, putting all the major pump controls in the hands of the operator at one location.

JOHN DEERE

Nobody Does Hay Better
The revolutionary **MoCo's** are here

- Six models, all with an innovative, three-point suspension system for unmatched flotation.
- Three sicklebar models: Narrow-profile guards, easy adjustments, exclusive urethane-roll conditioning, and a cut that's six inches wider than other makes.
- Three rotary models: John Deere-built modular cutterbar is the strongest, easiest-to-service cutter-bar. A choice of conditioning methods at all widths.
- Get excellent maneuverability plus driveline protection from the new tongue design.
