

CENTER-LINE DESIGN ECONOMICAL PRICE

The benefits of the Case International 8520 center-line rectangular baler for a smaller operation are many. Narrow transport width. Easy in-field maneuverability. Gentle handling of hay. Uniform bale shape. And, a budget-minded price.

You'll appreciate the 8520 with the first bale you make. A wide, low-profile pickup and center-line feeding mean more leaves end up in the bale, not on the ground.

And, if that's not enough, there are a number of options available. A hydraulic pickup lift, flotation tires, hydraulic density control, wagon hitch and a choice of bale chutes or hydraulic bale thrower with electric controls.

Stop in and find out more about the Case International 8520 rectangular baler.
