Dealer Who Knows Balers!  
JUMBO BALES**

A Case International 8580 large rectangular baler makes JUMBO bales - up to 2,000 pounds. It compresses hay equivalent to about 40 conventional bales into a single high-density package. The high-end capacity and performance of the

8580 means you can push these big bales through the machine all day - every day. That's a lot of hay! And it's quality hay, too. The center-line design handles the crop gently to preserve nutritious leaves. The bales are uniformly shaped for efficient handling and shipping.
