

Janaron Farms

Janaron Farms, located east of Meadville, is home for James and Janet Hunter and their children Janyelle, 21; Jarrett, 19, and Jonathan, 16. They farm 300 acres and have 150 registered Holsteins with 80 milk cows that average over 22,000 pounds of milk and classify with a BAA of 103.6. A two year-old Lincoln daughter recently completed a 365-day record of 36,919 lbs. of milk, and this summer three other cows have milked over 150 pounds of milk per day. The Hunters just moved to this farm in April of '94 after being wiped out in a tornado in 1985. In 1987 they moved to another farm and then on to this farm last year. James also breeds cows for Accelerated Genetics.

Eaton Farm

Don Eaton specializes in top quality registered Holstein dairy cows and does very little field work. Most of the feed is purchased and all the time is spent taking care of the cows. The present herd on this Dairy of Distinction is the fourth group of cows put together with the Don-Ton prefix. Don milks 50 cows in a tie-stall barn with a herd average over 26,000 pounds of milk and a BAA of 110 for type. Records in the herd go over 40,000 pounds of milk and classification up to EX 93. Eaton didn't grow up on a farm but credits his father with teaching him to take care of the little basic things. Don is a perfectionist by his own admission. When he has a good herd assembled and going, he has a dispersal sale. Thus he can concentrate on what he does best—take care of the cows and use his good eye to select a good cow. Don and his wife Toni have four children, Aaron, 12; Tarah, 5; Katie, 3, and Jacob, 11 mos.

Team-up with PA DHIA and Westfalia Dairyplan...

to receive Same-day Test Reports and Graphs!

Judy Esque, Fulton Co. Technician
1995 Merit Award Winner,
10 years of service to PA DHIA

- ◆ Vet Checklists - Examples include:
Activities such as pregnancy checks and dry off dates.
- ◆ "Triggered Vet Actions" - An example includes:
Scheduling a pregnancy check for cows that are bred, at the same time you have the ability to choose what time frame you want each cow to be checked pregnant.
- ◆ Tailor-make virtually any report according to your needs.

Congratulations to all Dairy of Distinction Award Winners!
