DAWN TRASHWHEEL® Row Cleaner/Coultter Planter Attachments Fit: John Deere, Krze, Case IH, White & New Buffalo and Monsoon

TRASHWHEEL/Coultter Combination

Combining TRASHWHEELS and a Coultter separates the functions of working the soil and removing the clods and residue. All of DAWN's Coultter attachments come with your choice of any one of five, 16 inch blades: 8-wave, 13-wave, 25-wave, bubble and ripple.

TRASHWHEELS Floating Row Unit

Mounted on a planter fertilizer bar or a 6 or 7 inch tool bar, the Floating Row Unit will run, independently, directly in front of a unit mounted coultter and do the work of the DAWN standard

unit mounted TRASHWHEELS. Running on it's own parallel linkage, this mount will follow the contour of the ground, eliminating gouging, the wheels are adjustable to offset or interlock and there is an exclusive spring downpressure system.

DAWN TRASHWHEEL Row Cleaner The wheel that has helped revolutionize farming practices has also been chosen by thousands of farmers and proven over thousands of acres to be the highest quality attachment on the market today. Quality features of DAWN are: lifetime warranty against bending or breaking of the wheel; double tapered Timken roller bearings; triple lip C/R seals; and 100% made in the U.S.A. TRASHWHEELS Row Cleaners serve multiple functions of clearing and working the seed bed. A clearer seed bed warms faster and allows the gauge wheels to follow a smooth path, eliminating row unit bouncing. The adjustability of the wheels to be offset or interlocked, allows them to either clear the seedbed of residue or clear and work the seedbed. DAWN's screw adjust cap keeps you out from under the planter by allowing you fast, easy and very fine height control adjustments.

MOISTURE TESTERS To Test Moisture In Hay, Silage And Grain Crops

DHT-1 HAY TESTER
Direct digital readout for moisture and temperature.
• 18" extra-rugged probe with large grip
• Easy to use • Fast • Accurate
• Accessory Probes:
B500819 - 18" Probe only
B500820 - 32" Probe only
B500818
SPECIAL \$187³⁴

1210 SILAGE TESTER
The best way to test silage moisture. Tests freshly chopped and ensiled forage. Tests grains too.
• Moisture Range:
30% to 75% for Silage
10% to 30% for Grain
• Simple testing procedure.
Tests in 1 minute
B500821
SPECIAL \$226¹⁰

AVERAGEmaster™
The only portable grain tester with averaging capability.
• 12 Grain direct digital readout
• Displays information in plain English
• Adjustable calibration
• Tests grain temperature too
• Handy vinyl carrying case
• 2 Year warranty
B92280
• Made in U.S.A.
SPECIAL \$189⁰⁰

Soil Compaction Tester

A simple, easy-to-use management tool that can help you:
**Increase Yields.
Decrease Costs.**

Rugged aluminum housing and handle.

Easy-to-read color coded stainless steel dial. Liquid filled to eliminate shock.

Depth marks at 3, 6, 9, 12, 15, and 18 inches

Stainless steel rod.

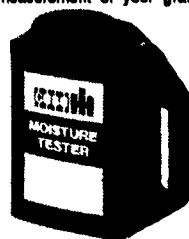

Compaction and root development
0-200 lbs.....good
100-300 lbs.....fair
300-500 lbs.....poor

BEARLINK Replacement Top Link Improves The Performance Of Your Three Point Tractor!

The BEARLINK's seven inch adjustment stroke moves with hydraulic power, automatically locking in place wherever you want it...saving you trips back behind the tractor...making hooking implements or taking them off faster and easier...BEARLINK owners tell of shortening the hydraulic link while turning around at the ends of fields saving damage to equipment and making in-field angle adjustments without stopping...

It's Your Turn TO Profit!

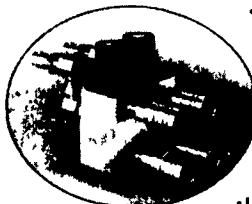

List \$569.00

INTRODUCTORY OFFER \$620¹⁹ Thru Aug. 31

Others report hookups and unhooks without the usual hassles of freeing up the threads and all the usual manual labor associated with their mechanical top link. Every dollar you save in labor costs, time, and damage to equipment or crops... goes directly to your bottom line.

HARVSTER KNIFE SPECIAL 10% OFF

All Gehl & Case IH Harvester Knife Sets

- Tired of climbing down from your tractor just to switch hoses?
- Save time, money and sweat!
- Now you control two circuits with the flip of a switch!
- Stay safe - Keep high-pressure hydraulics out of your cab.
- Universal - Fits all tractors
- Large Capacity - 1.8 gpm

REMOTE MASTER DOES IT ALL!

The REMOTE MASTER lets you use one outlet to control two sets of hoses by moving a three-position toggle switch from circuit A to circuit B, then operating your existing tractor lever for directional control.
