# The "Quality Crafted" Line

## Better Seedbeds... Better Stands!

### SUB-SOILERS

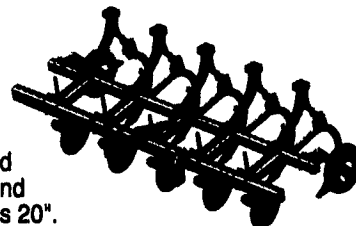

The husky, curved shanks of the Sub-Soiler dig down as deep as 16 inches, shattering compacted layers of plow sole and lifting the hardpan while it is being broken. 3, 5, 7 shanks.

### 3-SHANK DEEP TILLS

The three shank model, shown above, has a Category II hitch. With a cutting width of 7'6", it is ideal for operators with smaller acreages and horsepower. It is extremely maneuverable, yet provides the same basic deep tilling job as its "big brothers". Available with coulters.

### COMPACTION COMMANDERS NO-TILL RIPPER/DEEP RIPPER DESIGNED FOR YOUR CONSERVATION NEEDS 3-5-7 Shank

Brillion introduces their new Compaction Commander...designed to break up hardpan and compaction as deep as 20". The standard V-shaped alloy point and wear strip leaves residue on the surface with minimal soil disturbance. Auto-rest shanks with 20" of trip height allows for non-stop tillage. Parabolic shanks lift and fracture the soil. 39" of underframe clearance assures trouble free operation even in heavy residue.

### SOIL BUILDERS

SOIL BUILDERS. Optional Coulters gang can be hydraulically controlled to save maintenance dollars. 5, 7, 9, 11 & 13 shanks. Available in 2 & 3 bar.

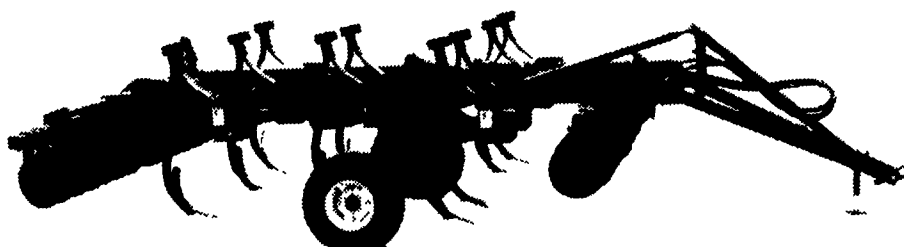

## SOIL COMMANDERS

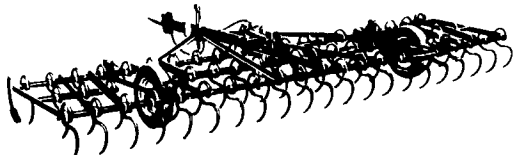

The New Brillion Soil Commanders take Residue Management to the next generation of soil conservation efficiency.

The Soil Commanders are versatile tillage tools designed to meet the needs of the mid-size farmer who uses a 150-200 H.P. tractor. One of the keys to the machine's versatility is that it uses interchangeable shank legs and individually mounted disk assemblies instead of a disk gang. This makes possible a machine with disk assemblies on the front and rear of the frame with chisel plow or deep-ripper shanks on 15", 24", 27" or 30" spacings.

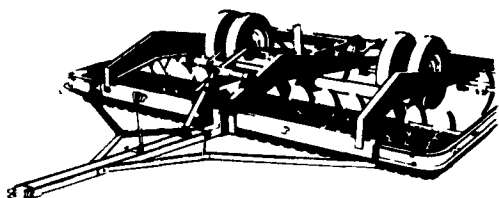

### SPRINGTOOTH HARROWS with "INSTANT" TRANSPORTS 8 Ft. to 20 Ft.

STS and STR series have low profile design with heavier tooth mounting bars, longer wheel wells and PRESET DEPTH control. STR models have "C" shaped or ribbon teeth. STS models are equipped with spring tines.

### M-MD PULVI-MULCHERS 7'4", 10'4", 12'4", 13'8", 15'

The Brillion Pulvi-Mulcher converts fall or spring plowing into clod-free, high yield seedbeds. Just flick the tractor hydraulic control, pulvi-mulcher lifts to transport wheels.

### ML SERIES PULVI-MULCHERS 12'6", 13'10", 15'2", 18'9" SERIES 03 - Built to last.

- Easy rolling 20" ductile iron notched or crowfoot roller wheels with 5 year limited warranty.
- Longer life external mounted bearings.
- Longer, heavier drawbar for shorter turns.

There's lots more reasons to buy Brillion... stop in and we'll talk.

### WL SERIES PULVI-MULCHERS 21'8", 25', 30' SERIES 03 - Built to last.

- Easy rolling 20" ductile iron notched or crowfoot roller wheels with 5 year limited warranty.
- Longer life external mounted bearings.
- Longer, heavier drawbar for shorter turns.
