Patz

Mixing T.M.R. The Way You Want

Open-Top Mixers

Four notched augers mix fast—even square-baled dry alfalfa in limited amounts.

Self-aligning auger bearings mounted outside. Flanged auger tubes for easy removal.

Planetary gear reducers and roller chain reduction power the augers. Roller chains operate in enclosed oil bath.

On trailer and truck models, the discharge door and discharge augers are controlled hydraulically. Also, gravity discharge is available.

8 sizes from 190 to 575 cubic feet.

Tumble Mixers

Tumble mixing plus a central spiral circulator moving ingredients to the back of the drum while flitting moves ingredients forward.

No internal bearings.

Low maintenance -- only grease fittings.

4 sizes from 135 to 290 cubic feet.

All Mixers Manufactured by Patz

**with 25% Down
