FEEDING

GSI Feed Bins

We assemble, deliver and set up bins on your farm.

- *Weather tight die-formed roof
- *Stronger engineered sidewalls
- *Ground controlled fill caps
- *Galvanized roll-formed legs
- *Engineered leg braced systems
- *Fast flowing hopper bottom

Plasson
Turkey Drinker

Broiler Drinker

Cumberland

Growers who prefer a shallower pan for poultts appreciate the classic Cumberland Grilless Pan Feeder

Welded Stainless Steel Feeder

Economically priced and available in single-sided or double-sided with feeding capacities from 4 holes up to 14 holes.

Hog Diners

Handles any type of feed - dry to wet. It's unique design permits feed to drop in area of feed pan with easy access and virtually eliminates feed being dragged out and wasted. It has a fiberglass hopper and pan and stainless or painted steel parts elsewhere.

left to right Piggy Diner (1 1 bushel capacity), Pig Diner (5 5 bu cap), Hog Diner (5 5 bu cap), Large Hog Diner (7 5 bu cap)

FLOORING

Woven wire is generally used for hog flooring but is not limited to this use. Elevator fencing, fork truck safety cages, wire truck tailgates, etc. can also be made from the same construction. Call for your specific job needs.

- * Excellent for farrowing/nursery pigs
- * Does not retain bacteria
- * No extra charge for custom size
- * Easy cleaning
- * Low cost flooring
- * Surface is non-porous

Plastic Flooring

Sanitation - Constructed of solid plastic material. Some plastic floors are foamed. As these floors wear down their micro air pockets fill with bacteria which make the floor difficult, if not impossible to disinfect. This flooring features a triangle underside design which diminishes the need for high pressure washing from below to completely clean, as the floor can be cleaned sufficiently from above.

Outstanding Traction - Unique "High-low" finger design provides traction for pigs of all sizes, while enhancing safety and comfort.

THERMOSTATS

Sunne Thermostat

Thermostat has sealed molded plastic case with all exposed metal parts of stainless steel. Intended for applications that need rugged weatherproof heating or cooling control.

Airstream TC1-C Thermostat

This variable speed control can be set to run continuously or shut off at a set point. The band width and absolute minimum speed can be set internally.

Variable Speed Controller also available

Broiler Contracts available in Lebanon, Lancaster & Berks Counties. Turkey contracts also available. Contact Shane Weiler for more information at 1-800-845-3374.

WATERING

Universal Controller

- Simple and automatic control of water flow
- Ideal control for livestock and poultry cooling systems
- Line filter and protective check valve included

HEATING

The Purafire heater provides a consistent, cleanburning and fuel efficient source of warmth for all types of poultry and swine houses. With near 100% efficiency, it uses less energy to yield greater BTUs for your money. Choose from two models: the C80M variable output (40,000-80,000 BTUH) and the C225 (225,000 BTUH). Each is LP or natural gas compatible and can be mounted inside or outside your confinement house.
