With A Good Selection to Choose From Today!
THE IMPROVED DEFINITION OF WORKING CLASS**

**These Tractors Go Anywhere There's
Work To Be Done**

If you have a lot of jobs to do, the 8200/4200 Series tractors are right for you. Loading, baling, spraying, mowing—these are reliable tractors that match your requirements.

You can equip them to work just the way you want for field or mowing operations. A choice of adjustable axles and rims gives you the right stance for specialty or row-crop applications. Transmission offerings include an

optional creeper-speed or push-button powershift for added versatility. And high-capacity PTOs provide strength for your toughest auger and haying chores.

On the Category II 3-pt. hitch, separate levers give you precise control over the hitch draft, raise, drop and position levels for fieldwork. And on all models except the 3220, an optional cab will keep you fresh on those long workdays.
