Frozen silage? No problem!

For frozen silage and hard-packed haylage, the Patz cutter-and-claw gathering chain outperforms augers. This time-proven chain with its chain-saw cutting action cuts out frozen silage aggressively. Shouldn't your next unloader have a gathering chain?

Consider these Model RD-820 Unloader features:

- RING-DRIVE:** With the roller-chain ring drive, only one motor powers the machine.
 - AUTOMATIC LOWERING OPTION:** A winch lowers the RD-820 automatically after each complete revolution.
 - POWER CUTTER:** Spring tension keeps high-speed, self-sharpening blades tight to the silo wall to shave it clean.
 - TORQUE LIMITER:** Ratchet-pin design protects the ring and drive system while working through conditions.
- Affordable financing directly from Patz.

THINK CONCRETE!!

When planning your storage for high-moisture shelled corn. The light-colored concrete walls protect your valuable grain from the heat like we experienced this summer.

Listen to what these farmers from Virginia say about their switch to a poured concrete silo for their corn storage:

"Even during the hottest summer in our memory, the shelled corn from our poured concrete silo has kept its bright yellow color and has not heated.

We have the best Hi-Moisture shelled corn ever." Signed: Keith Wilson, Paul Wilson, Gerald Garber; Cave View Farms, Inc., Weyers Cave Va.

"The more you know about silos, the better we look."

SOLLENBERGER SILOS CORP. SINCE 1908
