TIRED OF LEAKING ROOFING? USE
 WHEELING
Channeldrain
 ROOFING & SIDING

Exclusive drain channel guards against wind, rain and snow...assures dryness.

1. Wide overlap: Increases strength and leak protection at each joint.
2. Wide nailing surface: Makes nailing easier and faster.
3. Drain channel: the exclusive leak-proof system that prevents capillary action; stays weather tight. This Wheeling feature has insured "dry barns" for thousands of farmers over the past 50 years.
