Product Highlights

The **MAGNUM™ 7200 Series** sets a new industry standard in farm power, technology, customer convenience, quality and value. This is the most innovative, customer-oriented and productive series of tractors since the MAGNUM was originally introduced in 1987. The 7240 MAGNUM offers many important features, such as

- 195 PTO horsepower (145 kW) generated by a Case IH turbocharged 505 cubic inch (8.3 L) engine for excellent torque and lugging ability at 2,200 rpm
- Ventilated and sculptured side panels for distinct family styling. The panels also provide 40% increased air flow for additional cooling capacity and improved turning radius
- Silent Guardian II cab, with outstanding visibility, standard or deluxe seat option, improved equipment monitor mounting and air conditioning with environmentally safe HFC-134A refrigerant
- Intelligence Center II provides complete information to the operator regarding tractor operation with an automatic shutdown feature to protect your investment and continuously available engine hour meter display
- Precise in-cab remote valve flow control adjustment with 180° rotation

- Electronic hitch control with "Hitch Command" that allows the operator to fine-tune hitch operation to the application, and raise or lower the hitch with a flip of the switch
- 18-speed forward, four-speed reverse, full powershift transmission is standard. Operator can shift on-the-go under full power from first through 18th gears. Shuttle-shifting from forward to reverse can also be made under load without clutching or reduced shift lever effort when the clutch is depressed. This reduces forward/reverse cycle time
- The optional MFD axle can be engaged on-the-go and includes automatic MFD disengagement feature in brake-assisted turns to provide easier turning on the ends of the field
- Optional six-speed powershift creeper transmission is ideal for PTO operations where slow ground speeds are needed
- A four-inch bar axle
- Optional dual fender-mounted hitch controls for easier hook-up and adjustment
