SERIES 5000 LAGOON PUMPS & SPREADER TANKS

Van Dale Tanks are built to last with 1/4" steel plate and the best warranty in the business. And there's one built to match your needs, in sizes from 2700 - 5500 gallon capacities. Whichever you choose, you won't go wrong with a Waste Handler from Van Dale.

Strength, power and reliability. It's all here with the new Series 5000 Lagoon Pumps. These pumps have the perfect combination of agitation volume and pressure needed to break up hard surface crust or bottom manure solids with speed and power. And with up to 5000 G PM agitation capacity, it can blast a stream of manure 100' or more in any direction to create an easy pumping and spreading slurry. The new Series 5000, trailer mounted or 3-point hitch, by far, the fastest and easiest to operate pumps on the market.
