

ATION IS HERE NOW!

STAK CAGES

- STAK cages are designed for 3 tiers up to 8 tiers high.
- Sliding horizontal wire rod doors open the full width of the cage.
- STAK cages are available with specially designed air ducts in each cage to provide fresh air to each bird.
- Walkway structure allows access to all cage tiers.
- Reduces building costs and increases bird capacity.
- Our feeder delivers feed to the birds uniformly, amply, and with great reliability. The design of the system helps to keep eggs cleaner, and the superior suspension method makes the entire cage row stronger.
- System available with combination step-rail and cart guide.

Big Dutchman.

Couple the Big Dutchman cages with a Hershey-designed building and equipment installation and you have an unbeatable combination for service and efficiency. A Hershey system is better ventilated, and has been proven to use less electricity.

Big Dutchman's policy is one of continuous improvement

"PAMPER" EGG COLLECTION ... The Big Dutchman vertical egg collection unit is unsurpassed in pampering eggs.

QUALITY EGG BELT... We offer our standard 3/4 inch woven fabric belts. A shallow "V" shape in the wire egg tray keeps eggs in the center.

DISCHARGE OPTIONS... Eggs can be discharged from the collector below the floor, at floor level, or at a varying height discharge which best suits your house.

PROVEN ROD CONVEYOR... The rod conveyor moves eggs from the collector to the packer with no rolling or colliding. It can move up and down inclines, and is ideal for moving eggs between several houses and the packing room in multi-building farms.
