

CASE IH Axial Flow Combines - PRODUCTIVITY NEVER THOUGHT POSSIBLE!

The 2100 Series Axial Flow Combines are simply designed to harvest crops in record-setting time. Who would have ever believed that results like these would ever be possible?

- Harvest 805 Acres of corn and 52 Acres of Soybeans in 100 Hours.
- Harvest 13.3 Acres of Corn that Averaged 160 Bushels per Acre in One Hour.
- All with very little field loss.

You can accomplish similar results when you purchase a new 2100 series combine from Hoobers - the people who know how to get maximum productivity from your combine...

Demand for 2100 Series has led to many late Model Trades - both Axial Flow and John Deere. If you can not afford a new combine, check out our great selection of pre-owned machines. We have a machine to fit your operation and budget.
