Agriculture Moves on EBY Bodies

M.H. Eby custom-builds aluminum truck bodies for the agri-transportation market. Nobody offers more sizes and options in:

- **LIVESTOCK BODIES** - Lengths to 32', choice of heights and widths.
- **GRAIN BODIES** - Lengths to 24'; landscape and general purpose dumps to 12'.
- **FLATBED BODIES** - Lengths to 32', choice of 5 widths.

For greater payload capacity, Eby's aluminum design is equal in strength to steel and up to 40% lighter. Our corrosion-resistant components never need painting. That means minimum maintenance, improved appearance and higher resale value.

Eby products have superior standard features. And we offer custom options for virtually any application. Agriculture is your business- building bodies to haul it is ours.

Let EBY custom build one for you.
