CHORE-TIME ...nobody knows more about feeding

Both Models C2 (above) and H2 (left) start chicks when lowered to floor, finish birds when raised up.

The Right Choice in broiler feeders

Feed broilers and pullets your way! As the world leader in poultry feeding systems, Chore-Time offers you the best choices in feeders. You will love what our newest feeders—the Model C2™ and Model H2™—do for you.

Features include (1) labor-saving Patented Feed Windows that open to let chicks eat from day one—without additional feed on paper or "lids"; (2) feed-saving features like easy feed adjustment settings, and (3) cost-saving all-plastic designs with Chore-Time Warranty.

Pick a Chore-Time feeding system—including our rugged feed bins and Genuine Chore-Time FLEX-AUGER® Feed Delivery System, plus ventilation—and you know you've made the Right Choice—because it's from Chore-Time, the leader!

CHORE-TIME EQUIPMENT
Milford, Indiana

New Shape
The difference is the shape of the feeder's trough (at right). ULTRAFLO II's higher trough lip reduces feed waste by keeping it in the trough and not on the floor or in the pit.

The Right Choice in cage feeders

Chore-Time's popular ULTRAFLO® Cage Feeding System is now even more outstanding! We've developed and tested the second generation of ULTRAFLO feeders and named it the ULTRAFLO II.

ULTRAFLO II offers you even greater reliability, durability, and outstanding feed-saving performance—up to 1 gram of feed per bird per day—over the original ULTRAFLO. And even the original ULTRAFLO was beating our competitors in feed savings!

So, join the cage feeding leader. Contact us today. Find out how Chore-Time and ULTRAFLO II can help you be a leader, too!
