With A Good Selection to Choose From Today!  
**THE IMPROVED DEFINITION OF WORKING CLASS**

*These Tractors Go Anywhere There's  
Work To Be Done*

If you have a lot of jobs to do, the  
3200/4200 Series tractors are right for  
you. Loading, baling, spraying, mow-  
ing—these are reliable tractors that  
match your requirements.

You can equip them to work just  
the way you want for field or mowing  
operations. A choice of adjustable axles  
and rims gives you the right stance for  
specialty or row-crop applications.  
Transmission offerings include an

optional creeper-speed or push-button  
powershift for added versatility. And  
high-capacity PTOs provide strength for  
your toughest auger and haying chores.

On the Category II 3-pt hitch,  
separate levers give you precise control  
over the hitch draft, raise, drop and  
position levels for fieldwork. And on  
all models except the 3220, an optional  
cab will keep you fresh on those  
long workdays
