**Gehl TMR Mixer  
Feeders Are #1**

Nothing can maximize the return on investment in your  
dairy or beef feeding operation like a Total Mixed Ration  
(TMR) feeding system. And nothing makes TMR work  
better than a Gehl mixer feeder. Here's why:

- **Better Mixing Action** — Unique four-auger design  
creates a double figure-8 mixing pattern for fast and  
complete mixing of all feed ingredients.
- **Energy Efficient** — Planetary drive system requires  
less horsepower.
- **Built To Last** — Patented star couplers absorb shock  
loads by allowing the bottom augers to flex, providing  
long service life.
- **Six Sizes** — From 150 to 500 cubic feet  
mixing capacities.
- **Three Styles** — Trailer type, stationary and truck-  
mounted units to fit your operation.

**GEHL.**

**North America's #1-Selling  
V-Tank Spreader**

**10-year warranty** — Against rust-through  
on the tank for peace  
of mind.

**Options include** — Truck-mounted units  
and hydraulic lids.

**Model MX125  
and Model 170  
In Stock  
Ready  
For Grinding**

**The #1 Name  
In Feedmaking**

Gehl Mix-All® portable grinder mixers have been leading the industry for over  
30 years. Now available with Gehl's famous hammermill or a commercial  
grade roller mill to produce the best possible feed for your livestock

- **Total hydraulic control** — Self contained hydraulic  
system allows infinite speeds to power the discharge  
conveyor, unloading auger and in feed attachments
- **Remote controls** — Operate the unloading conveyor  
from the tractor seat or from the rear of the machine
- **Electronic scales** — For precise ration weighing
- **Customize your machine** — With a wide variety of  
options and attachments
