**UNLOADS FAST...**

**PRICED TO MOVE FAST, TOO**

The Model 358 grinder-mixer unloads a 100-bushel tank in about three minutes! The mixing auger thoroughly mixes from the bottom up for consistent, uniform feed. An optional electronic scale gives accurate control of rations.

There's a lot to like about the "358"... including the deal we can make on it.

**CAPACITY KING**

**THE BIGGEST**

The New Holland Model 195 box spreader is up to your biggest spreading job.

- **Capacity.** The "195" takes on 410 bushels (440 cu. ft.) without flinching.
- **Strong construction.** Corrosion-resistant steels last and last. And an HDPE floor means smooth unloading, even in cold weather.
- **Bonded Protection warranty.** If the polyethylene floor fails or the sides rust, we'll replace them free for 12 years.
- **Fast clean out...**even with this big-capacity strong box.
- **Large tandem oscillating wheels.** Allow faster ground speeds in rough terrain, with less ground compaction.

Check out our biggest New Holland spreader...from the biggest name in spreaders.
