

KILE Kids Reveal

Brandon Winebark, left, and his buddy Nathan Tice, both from Lebanon County, await their turn in the KILE Leadline.

Lancaster Farming, Saturday, October 14, 1988-B11

Twenty-month-old Kelly Howard and Abbey Benninghoff, 4, find their own fun at KILE. Abby is the daughter of Judy Howard and Eric Benninghoff of Besammer. Kelly is the daughter of Jim and Kay Howard of Enon Valley.

Designed for the Commercial Dairyman, Built by Siemens

SURGE

TURBINE VACUUM PUMP

The Surge Custom Line Turbine Vacuum Pumps from Siemens are a high-tech design featuring maximum strength materials. They are light weight, use no oil or water and are virtually maintenance free for vibration and wear.

As an added benefit, the residual heat from the pump exhaust can be reclaimed with the use of a heat exchanger to provide hot water for a commercial dairy use.

Features and Benefits:

- Low noise creates a better work environment.
- Oil free air is environmentally safe. No oily exhaust air to collect and dispose.
- Direct drive requires no belts to replace or adjust.
- Non-contact operating surfaces create no internal friction to cause wear and fatigue of internal pump parts.
- Built to endure long running times of a commercial dairy operation increasing machine life-span.
- Low maintenance keeps the long term costs of operation low, and eliminates downtime.
- High efficiency means low cost of operation.
- Free hot water eliminates the expense of operating electric or gas water heaters as primary heaters.

SURGE COMMANDER Vacuum Regulators

**TOPS
IN PERFORMANCE
TOPS
IN VALUE**

Two sizes to fit your vacuum system
and your budget!

COMMANDER® 1.5 K

The **SURGE COMMANDER 1.5K** vacuum regulator is designed to work with vacuum pumps that have capacities of up to 53 CFM (1500 L/min.) ASME. Its high degree of sensitivity and accuracy, combined with simplified maintenance, make it an ideal replacement for older vacuum controls.

The **COMMANDER 1.5 K** is an economical way to improve your vacuum system's performance and reduce your service requirements.

COMMANDER® 5 K

The **SURGE COMMANDER 5 K** vacuum regulator is designed to work with vacuum pumps that produce up to 178 CFM (5000 L/min.) ASME.

Precise control, dependable operation and simplified service are reasons enough to replace your old vacuum control. You can spend a lot more money and not surpass the **COMMANDER 5K's** performance.
