Quality Compost
for farms for gardens
Lancaster County Composters
Healthy Soil. Healthy Plants. Healthy People.
After 10 years of both local and international research, Lancaster County Composters have developed the best solution for humus management...their quality compost!
Not only will application improve top soil fertility, increase water retention, and better your yield, but by using compost rather than manure you could reduce much of your manure application management as regulated by the EPA.
Write or call the folks at Lancaster County Composters for information about soil benefits, pricing, and delivery.
