Your Source For
Quality Grain
Handling Equipment**

*A premium quality galvanized auger
designed for low maintenance
operation.*

Mayrath introduces the all new "InLine Drive" series of portable grain augers. Mayrath has combined operational efficiency with long term dependability providing you with a high quality, GALVANIZED auger at a very affordable price. The revolutionary "InLine Drive" system minimizes the number of moving parts greatly reducing costly downtime and maintenance in the future.

The unique "InLine Drive" design features an internally mounted gearbox inside of an expanded, bell shaped tube housing. Auger flighting is positioned to allow a high volume of unrestricted grain flow around the internal gearbox. A new intake design utilizes double flighting and a cupped intake guard to offer a high capacity, complete cleanout operation. A specially engineered hopper bolts directly on top of the intake guard, further enhancing the augers capacity.

**Mayrath
InLine
Drive**

DIAMETER	CAPACITY	LENGTHS
8	3200 BPH	32 42 52 62 72
10	4500 BPH	32 42 52 62 72

The InLine Drive
Unique in design, high in efficiency
