**KELDERMAN
AIR RIDE**

Adding a Kelderman Air Ride Conversion system to your present suspension will result in a two stage suspension system. This is not to be confused with adding an Air bag mounted above the axle. Allows adding extra spring leaves to increase load rating and still maintain Air-Ride comfort.

The bolt on basic package utilizes an air stem mounted in a convenient location to add or remove air from the system

Optional 12 volt compressor allows changing air pressure setting on the go. Currently available for front and rear suspension in Dodge Series 250 & 350 trucks. Available soon for Dodge Dakota models.

Also available for some Ford, Chevy and GMC truck models. Special orders available for most motor homes. This option will smooth out the ride on those rough-road fishing/campin, trips.

AIR RIDES IN STOCK

- ARDF Air Ride Dodge Front (4WD)
- ARDR1 Air Ride Dodge Rear (one-bag)
- ARDR2 Air Ride Dodge Rear (two-bag)
- ARCK Air Ride Compressor Kit

See Degelman

Binkley & Hurst Bros. For Quality Rock Pickers & Rakes NOW!
REMOVE ROCKS BEFORE FALL SEEDING

Grated Hopper Bottom
We use spring steel straps in the hopper instead of using mild steel. The hopper is engineered to bounce back in shape.
Hydraulic Drive
The most popular drive on rock pickers is hydraulic which is standard on the 6000. We have incorporated a relief valve to take away the shock when disengaging the drive.
Position Tires
The 16.5x18.1 position tires are standard equipment and are a must to reduce soil compaction.

Roll Assembly
We are using the same reel as the proven Super Picker 6800. The three paddle reel has a large diameter, hard surfaced teeth and heavy duty paddles

Swing Pole
The manual swing pole is easy to maneuver in both working or transport position.
Solid Shaft Grill Tines with Replaceable Grill Tips.
This modern grill is easier to maintain, has longer life giving you less down time. The unique grill provides five feet of clean shifling and virtually jamless performance
may be the picker you'll need!

For Excavating & Snow Removal & Grading
SEE BINKLEY & HURST FOR TRACTOR MOUNT DOZER BLADES

4600 & 5700 Series

The Degelman 4600 & 5700 hydraulic angle Bulldozer Blades attach to both front wheel assist and two wheel drive farm tractors. They incorporate a clean looking, low profile design and are built strong and tough, heavy duty construction to achieve a dozer blade that's ready to tackle demanding farm jobs
Ease of operation, built-in quality and the convenience of finger tip hydraulic angle control are only a few of the many features you'll appreciate.
