- Self Locking
- 20 Feet Long, 7 Feet 3 Inches Wide
- Heavy Duty Welded Construction
- 15 x 8 x 6 Wheels
- 11 Ga. Bottom Sheet Steel
- Weight 2400 lb.

Here's a better way to feed your herd! With the Pequeea portable bunk feeder, you'll save time - save money. Load it up with silage, haylage, round or square bales or any mixture of grain and forage. Tow it into the field, and feed up to 52 head of cattle at once.

With Pequeea's efficient slant-bar system cows can't push each other away from feeding spaces, so you have less feed loss from spills. Convenient low tank height accomodates any size cow

You can save wear and tear on your pasture and they eliminate heavily trampled spots. Just move it to a new location each day

The New 520H cattle head gate bunk feeder (below) is the modern answer for holding cattle during breeding, veterinarian, or testing purposes.

SIZES AVAILABLE

- 510S - 10 ft. long on skids
- 515E - 15 ft. long end gate
- 525 - 25 ft. long

Models 50, 70, 85 & 110 Ground Drive Spreaders

Horse drawn spreaders available in Models 85 & 110

Pequeea Machine, Inc. reserves the right to change specifications without notice.

High-capacity features in a practical size!

Manufactured for the smaller-scale farmer or horse barner, the Pequeea Model 85 & 110 manure spreaders are built to make a dirty job easier. Constructed of 10 gauge Cor-Ten steel to resist corrosion, the Model 85 & 110 feature Quik-Tach T-bar web chains for ease of maintenance. High-strength steel frame is designed for big loads and fast field travel. Tough, alloy-steel beater and paddles rip through manure for fine, even spread patterns. Ground-drive action minimizes HP requirements. A hydraulic end-gate is available as optional equipment. Both Model 85 bushel & 110 bushel capacity deliver big spreader features in an economical, maintenance-free size.
