 An Old Line Commission Firm Keeping Abreast With The Times

The cleanest waterer ever invented!
Self-cleaning
 The JUG is designed so that debris and feed are sucked up from the feed trap in the bowl with each watering; debris won't foul the water.
Low-maintenance
 Light-tight design so that algae and odors won't build-up in The JUG's interior.
Animals adapt easily
 The JUG is designed so that animals, even calves, can suck water naturally, no balls or flaps to get in the way.

 Choose 1, 2 or 4 bowl, energy-free, or energy-efficient models.
 Meets requirements for dairy approval.
