Glass Harmonica

DOVER, Del. — Few have seen it and even fewer can play it, but visitors to the Delaware Agricultural Museum and Village's A Farmer's Christmas will have the opportunity to see and hear this incredible instrument.

Invented by Benjamin Franklin and popular through the 1890s and early 1900s, playing the glass harmonica takes special talent and perseverance. Dean Shostak of Williamsburg, Va. is a master of it.

A Farmer's Christmas also offers other turn-of-the-century holiday music throughout the lantern lit village, storytelling in woodstove heated buildings, and demonstrations.

A Farmer's Christmas runs Thursday, Friday and Saturday, December 7-9, from 6 p.m. to 9 p.m.

The Delaware Agricultural Museum and Village is located south of Delaware State University on Rt. 13 in Dover. Information on this and other events is available by calling (302) 734-1618.
