**LAPP'S BARN EQUIPMENT CURTAIN SYSTEMS**

**Lapp's Curtain System**

Lapp's insulated curtains can help you make your farm more efficient. You can save up to 30% on your fuel/energy costs while maintaining a comfortable climate enables livestock to feed into live weight more efficiently, the curtain makes your barn warmer in winter and cooler in summer.

Our curtains are available in both 4 and 6 ply, both of which are faced with a impervious white vinyl layer which faces the elements. With all these benefits, the average payback is two years!

A lower cost alternative to the insulated curtains, are Lapp's single layer curtains. You still get all the benefits of using a high quality curtain to keep the elements outside and being able to lower the curtain to naturally ventilate in your barn.
