Multi-lot Belt Feeder

Feeds up to 6 lots of cattle
different rations efficiently.

End loading can minimize conveyor investment. You can even convey and feed with one machine to save time and money.
Choice of 12-inch or 16-inch belt. Concave trough carries more feed.
Patz belt Feeders mount easily on either side of your feed bunk or in the middle. Or mount from the ceiling inside the barn.

Ask us about belt Feeders.

**THINK CONCRETE WHEN PLANNING
YOUR FEED STORAGE!!**

The major costs on dairy and livestock farms are related to FEED: production...harvesting...storage...purchases...delivery to animals. Significant savings in time and money are possible when you store and deliver your feed from a poured concrete silo.

"As margins narrow, dairymen need to invest in efficiency: This can have as great an influence on Profit as milk price changes."

Protect your valuable feeds from rain, sleet, snow, mud, ice, wind and the sun's heat. Reduce the stress. INCREASE THE EFFICIENCY OF YOUR FEEDS, LABOR, AND LIVESTOCK!

At Sollenberger Silos Corp. we know a lot about feed storage and handling; we've been in the business since 1908. If your plans call for new feed storage, give us a call...We'd like to contribute to your success!!

"This is the kind of silo you need to protect your valuable feed."

**NO USED SILOS!
NO REBUILT SILOS!
NO PRE-OWNED SILOS!
ALL NEW FOR YOU.**
