

Mopac Announces Beef Division Promotions

SOUDERTON (Montgomery Co.)—Moyer Packing Company (MOPAC) has announced the promotion of three employees. Don Countryman of Hatboro has been named vice president of quality assurance for the company's beef division. Countryman has been an intricate part of the company's growth since joining MOPAC in 1984, and most recently served as director of beef

quality assurance. With this appointment, he has assumed the responsibility of dealing with all government regulatory affairs as it concerns beef and beef products. Robert Line of Harleysville has been appointed vice president of sales and marketing for the company's beef division. Since joining MOPAC in 1986, Line has been instrumental in the develop-

ment of MOPAC's boxed beef program, and he initiated the company's export program. Line has assumed the added responsibility of the Elizabethtown facility, and now serves as a member of the Beef Strategic Planning Group. Robert Russell of Harleysville has taken on the position of vice president of operations, also with the company's beef division. His area of responsibility includes all

of the production and manufacturing for this division. Russell will serve as a member of the Beef Strategic Planning Group and will be responsible for fabrication, grinding, and slaughter operations. Russell, a MOPAC employee of more than 12 years, is recognized by MOPAC as a "keystone" member in developing, designing, and building the new fabricating unit.
