Grated Hopper Bottom
We use spring steel straps in the hopper instead of using milder steel. The hopper is engineered to bounce back in shape.

Reel Assembly
We are using the same reel as the proven Super Picker 6800. The three paddel reel has a large diameter, hard surfaced teeth and heavy duty paddles.

Swing Pole
The manual swing pole is easy to maneuver in both working or transport position.

Solid Shaft Grill Tines with Replaceable Grill Tips.
This modern grill is easier to maintain, has longer life giving you less down time. The unique grill provides five feet of clean shifting and virtually jamless performance.

Built For Excavating, Ideal For Snow Removal
