

## West Snyder FFA First In Pa. At Convention

West Snyder FFA members at the National FFA Convention in Kansas City. From left, front row, Lori Carper, Elizabeth Hollenbach. Second row, Tiana Weller, Jennifer Woodling, and Shannon Stuck, John Walter, Jeremy Brininger, Luke Zerby, and Josh Heeter. Back row, Trent Snook, Mike Reich, Chris Gardener, and Jeremy Hackenberg.

KANSAS CITY, Mo. — Eighteen representatives from Pennsylvania's number one FFA Chapter joined more than 34,000 other FFA members and guests at the 68th National FFA Convention in Kansas City recently.

West Snyder FFA Chapter was ranked first in Pennsylvania for the second consecutive year based on their program of work and chapter activities. There are 179 FFA Chapters across Pennsylvania.

After completing the Chapter Award Application and placing first in state competition, the application was forwarded to the National FFA Center for ranking on a national level. The chapter recently received a gold emblem at the National FFA Convention in Kansas City for their efforts in the National Chapter Award Program.

Accepting the award for the chapter were Luke Zerby, chapter vice president, and Tiana Weller,

chapter assistant secretary.

The National Chapter Award program is designed to improve the chapter's program of activities, assist chapters in evaluating their accomplishments, and reward chapters for providing educational experiences for the entire membership. Out of 7,456 chapters in the United States, only 315 chapters across the United States received gold, silver, or bronze ratings at the National FFA Convention. These chapters recognized were the top chapters in the nation.

West Snyder FFA Chapter also received a national gold emblem in the BOAC (Building Our American Communities) program. Jeremy Brininger and Shannon Stuck accepted the national BOAC award. The chapter's projects included a streambank restoration program and conducting a conservation day at West Beaver and Beaver Adams Elementary schools.

### Sales District Kicks Off 1996 Season

WAYNE, N.J. — More than 200 Cyanamid AgriCenter™ dealers attended a 1996 kick-off meeting sponsored by the Raleigh sales district of the crop protection chemicals department of Cyanamid's agricultural products division.

A highlight of the meeting was the presentation of an award, on behalf of Cyanamid AgriCenter™ dealers to North Carolina's commissioner, Jim Graham, for his outstanding contributions to the agricultural industry in the state.

The two-day meeting included presentations that highlighted four of Cyanamid's recently-intro-

duced crop protection products. In addition, technical sessions (approved for pesticide license and certified crop adviser credit) were held to discuss topics such as weed and insect management, plant disease updates, and new agricultural technology and equipment.

The Cyanamid AgriCenter™ dealer network was formed in 1986 when Cyanamid decided to sell directly to retailers rather than marketing through distributors. Today, the Cyanamid AgriCenter™ dealer network consists of more than 7,500 retail outlets.

## CHORE-TIME ...nobody knows more about feeding

Both Models C2 (above) and H2 (left) start chicks when lowered to floor, finish birds when raised up

### The Right Choice in broiler feeders

Feed broilers and pullets your way! As the world leader in poultry feeding systems, Chore-Time offers you the best choices in feeders. You will love what our newest feeders—the Model C2™ and Model H2™—do for you. Features include (1) labor-saving Patented Feed Windows that open to let chicks eat from day one—without additional feed on paper or "lids", (2) feed-saving features like easy feed adjustment settings, and (3) cost-saving all-plastic designs with Chore-Time Warranty.

Pick a Chore-Time feeding system—including our rugged feed bins and Genuine Chore-Time FLEX-AUGER® Feed Delivery System, plus ventilation—and you know you've made the Right Choice—because it's from Chore-Time, the leader!

**CHORE-TIME EQUIPMENT**  
Milford, Indiana

**New Shape**  
The difference is the shape of the feeder's trough (at right). ULTRAFLO II's higher trough lip reduces feed waste by keeping it in the trough and not on the floor or in the pit.

### The Right Choice in cage feeders

Chore-Time's popular ULTRAFLO® Cage Feeding System is now even more outstanding! We've developed and tested the second generation of ULTRAFLO feeders and named it the ULTRAFLO® II.

ULTRAFLO II offers you even greater reliability, durability, and outstanding feed-saving performance—up to 1 gram of feed per bird per day—over the original ULTRAFLO. And even the original ULTRAFLO was beating our competitors in feed savings!

So, join the cage feeding leader. Contact us today. Find out how Chore-Time and ULTRAFLO II can help you be a leader, too!
