2 EZ Trail Bale Basket	@ \$2,600
Vicon Feeders, Main Station	\$2,500
Vicon Feeder, Sub Station	\$1,500

The high quality of corn forage produced by the JAGUAR is derived from the CLAAS corn cracker. Two saw toothed rollers run at different speeds with 20% difference open up virtually every kernel and this means good quality silage which is easily digested. This makes for highest energy transfer for higher milk and meat yields. The rollers are subject to wear and tear, so the CLAAS corn cracker features removeable outer sleeves. The shafts, drive pulley and bearings are all reused, thus reducing maintenance costs. Foreign bodies pass through thanks to a spring loaded mechanism. The 7.7" diameter of the corn cracker rollers is exceptionally large. The speed differential intensifies the grinding effect for effective opening of the kernels. The degree of corn cracker intensity is adjustable to take account of differing dry matter content. This is done mechanically. An optional electrical adjustment is available. Since the corn cracker stays on the machine, the changeover from corn to grass can always with a minimum of preparation. This is a help when grass and corn are being harvested at the same time. The area around the corn cracker ahead of the cooling system is very large, enabling ease of access to parts you wouldn't otherwise be able to reach. For instance the accelerator or ejection chute.

## LEASE NOW!

- Reduce '95 taxes
- Improve cash flow

**Check out an Agricredit lease.**

Leasing a new MF<sup>®</sup> combine, or tractor and matching implements before year end could save you a bundle on taxes.

**Advantages of leasing**

Example based on \$128,000 for 5 years

	Purchase	Lease
Initial payment	\$38,400 00	\$22,541 51
<b>1995 Cash Flow Advantage</b>		<b>\$15,858.49</b>
Depreciation	\$3,430 40 (2.68%)	
Lease payment		\$22,541 51
Total deduction	\$3,430 40	\$22,541 51
<b>1995 Potential Tax Advantage</b>		<b>\$19,111.11</b>

Check with your tax advisor to see how leasing could cut your tax bill.
