WILL THE IRS INHERIT YOUR ESTATE?

New York Life's Survivorship Whole Life policy was created to provide you and your spouse with life insurance coverage, and needed liquidity, when your estate taxes are due.

It works like this: When one spouse dies, the resulting estate tax can be deferred until after the death of the surviving spouse. At that time, the policy's proceeds become available, and can be used to help pay the usually heavy estate tax. In other words, New York Life makes the proceeds available when they're needed the most.

You've worked hard all of your life, and shouldn't have to spend time worrying about what will happen to your estate. Call us for all the details and let us show you why New York Life is The Company You Keep.
