

Introducing New Roundup Ultra.

Roundup herbicide has been transformed with a brand of TransSorb technology to Roundup Ultra, a revolutionary improved herbicide with added value to your farm.

Roundup Ultra Is Rainfast.

Proprietary TransSorb technology enables new Roundup Ultra to penetrate more effectively than traditional Roundup Ultra. *It's rainfast.* With TransSorb, Roundup Ultra can be applied before or after rain.

Technology You Can Count On.
It Takes Roundup Ultra To Get The Job Done.

Roundup Ultra Is Complete And Ready-To-Use

Just add water to new Roundup Ultra and you're ready to apply it. There's no need to add surfactants, oils or additives of any kind. Yet new Roundup Ultra retains all the tank-mix versatility of traditional Roundup.

Roundup Ultra Can Lower Your Cost Acre

Since it requires no additives, new Roundup Ultra will save most growers money on every acre. And you'll save time because with Roundup Ultra there's no separate need to wait for a clear product to settle. You get a killing annual weeds on demand.
