

Firestone The Leader in The Field

Super All Traction 23°

R-1

- New top-of-line bias-ply tractor gear, featuring our long bar/long bar design for tread stability, and heavy bar bracing to extend tread life.
- Long wearing and smooth riding, due to the more uniform, flatter contour of the long bar/long bar design.
- Proven tread pattern for traction and self-cleaning.
- Bead rim protector shield to keep stones and soil from getting between the bead and rim flange.
