## My Story About Family And Holsteins

(Continued from Page D7)

30,000 pound cow award, and Junior Progressive Breeder. This past summer I attended my first national convention in Pittsburgh. The judging schools during the summer were a fun time along with a learning experience. I learned early in my career that

not everyone can do well on the tanbark trail, so I have tried to excel in other areas of the 4-H and Junior Holstein programs. My experiences with dairy quiz bowl and dairy judging have given me confidence which I previously lacked. Currently, I am serving on

the state executive committee representing the South Central district.

All of this would not be possible without the support of my parents and brothers. They have allowed me the opportunity to be away from the farm for extended

periods of time and encourage me to see the world beyond the barnyard fence. I would like to thank them and also those people who have given me encouragement along the highway of life.
