Case IH Drills For Seeding In Stock
Plain Type With Soybean And Grass
Seed Attachment, And Press Wheels
Equipped With Fertilizer Attachment,
Press Wheels, Grass Seeder, And
Soybean Attachment

There's nothing more important to a crop than early even emergence. To get it, you need accurate, even seeding.
The 5300 has earned a reputation for its seeding precision, a function of its exclusive feed cup design and dependable disk openers. And, to improve placement of seed, the opener drawbars are heavier than on previous models. Press wheels and opener bearings are heavier for long life operation.

Along with accuracy, the 5300 gives you fast, high capacity seeding, so you spend less time refilling hoppers.

**We have One New 5300 Drill 16x7 With Fertilizer Attachment, Press Wheels, Double Disk Openers,
And Seed View Cups, for Extra Savings Purchase Before Year End**
