21" MULCHING MOWER

Push and Self Propelled

List Price ONLY \$299.00

(Also Available: 21" convertible mower for mulching or bagging)

Engineered like no other lawn mower in the world!

The new McCulloch mulching mower features a high-tilt steel blade and a new deck configuration which create a super vacuum that holds grass blades upright for maximum cutting efficiency. The clippings are forced through a special recirculation chamber and down into the mower path for recutting. This recutting process is repeated over and over again until the clippings are pulverized into a fine mulch. This mulch is then driven deep into the lawn, returning nutrients and moisture to the soil. Grass clippings and leaves virtually disappear.
