**Lebanon Extra Plant Food**

For over 47 years, farmers have been choosing Lebanon Extra for premium homogeneous/ammoniated plant food. Lebanon Extra is ideal for use in row applications where nutrient safety and consistency is crucial to yields. And its homogeneous/ammoniated granules offer superior performance over so-called "Custom-formulated" blends.

A blend of raw materials can result in uneven feeding. Unlike homogeneous/ammoniated granules which deliver all the primary nutrients and micronutrients in each particle — ensuring even distribution for consistent performance.
