The Building you want. The Lease you need.

Whether your new farm or commercial building is of pole, timber column, stud, steel or block construction; choose Telmark lease financing.

Telmark has been leasing equipment for over 30 years. Did you know that we've been leasing new buildings for that long too? Consider the features:

- **Tax deductibility and accelerated write-offs:** Lease payments are income tax deductible over the term of the lease compared to 20-year depreciation of farm buildings and 39-year depreciation of commercial buildings. **Could reduce tax liability this year.**
- **Low upfront costs:** Beginning costs may be as little as one monthly lease payment.
- **Flexible lease term:** Building lease terms start aggressively at five years but may be as long as ten, twelve, or fifteen years.
- **Customized payment schedules:** Lease payment schedules match your cash flow. Payment options include monthly, quarterly, annually, as well as, skip or specially designed seasonal payments.

How do you start leasing a building from Telmark? Talk with a qualified builder to determine your needs and building cost. And call your Telmark representative:
