

QUALITY HAY TO PRESERVE QU

Firm, well shaped bales of uniform size are easiest to wrap and store. Due to the nature of high moisture hay, the baler must be designed for the task. Although most conventional round balers will make silage bales, premature structural failure, plugging, and inconsistent bale density should be expected after a relatively short time. Optimum bale size is 4'x4'. Larger bales can be wrapped, but due to the extra weight, have a tendency to sag which increases the risk of splitting plastic film.

Larger bales also require heavier... Both "hard center" and "soft center" "hard center bales, encourages mo... A properly prepared 4'x4' silage ba... weight and pressure required to ex... must be designed with extra str...

ROUND BALERS

Deutz-Fahr round balers have established a worldwide reputation for innovation, durability and performance.

Special features on DEUTZ-FAHR round balers are why they are able to produce consistent bales year after year of use.

- | | | |
|--|---|--------------------------------|
| 1. Roller bearings mounted on the outside of the bale chamber. | 9. Adjustable baffle plate. | 12. Mechanical tailgate lock. |
| 2. Automatic chain lubrication system. | 10. Hydraulic lift pickup. | 13. Six bale density settings. |
| 3. Reinforced bale chamber for extra strength. | 11. Pneumatic tire pickup gauge wheels. | 14. Splined drive shafts. |
| 4. Closely spaced small diameter rollers. | | 15. Extra heavy drive chain. |
| 5. Automatic "TWIN-FIX" twine tying system. | | |
| 6. Netwrap option with a capacity of 270 bales per roll. | | |
| 7. Easily accessible twine box holding (4) twine balls. | | |
| 8. Universal drawbar with 16 positions and swivel wheel jack. | | |

17 Thick walled ribbed steel rollers produce consistent results. Smaller diameter rollers reduce wedging and leaf loss is kept to a minimum. Splined shafts are used on all drive rollers for maximum efficient power transfer.

Equipped with optional WIDE PICK-UP, OPTI-CUT pre-cutting mechanism, combination TW and NET WRAP, the DEUTZ-FAHR RB3200 OC is the ideal machine for custom work
